

# Beyond Woman-Owned

## Beyond Boundaries as a Woman-Owned Business

S-2international LLC pushes the borders of business and what it means to be a woman-owned company — it's more than just checking off a box or just being certified. Our focus is on providing premier services that prioritize lasting relationships, integrity, and diversity. S-2international LLC lives by our motto of "service delivered with heart" by understanding our customers unique needs, exceeding expectations, and offering exceptional, quality transportation solutions.

## Diversified Strength

The 2019 census shows less than 10% of trucking companies are woman-owned. As part of that small but powerful minority, S-2international LLC uses its extensive experience and our diversity brings a multitude of perspectives helping our team to foster deep and meaningful relationships with our clients.

We pride ourselves on our commitment to hiring candidates with the greatest potential to succeed, regardless of gender, race, religion or sexual orientation. As a result, we have brought together a naturally diverse team with various work backgrounds and skill sets that make us stronger together.

Our team consists of:

Female	77%
African American	18%
Hispanic	14%
Other Non-White	15%
Over 40	38%
Over 50	24%

## Our Commitment is Guaranteed

By choosing S-2international LLC, a recognized leader in first-rate, customized transportation solutions, our customers gain a **partner** who works to understand their entire business. We're committed to making S-2 your **BEST** decision, through our commitment to efficient delivery with personalized attention and proactive communication. We have been delivering on our promises since 2005 with an on-time performance rate of over **99%!**

## The Woman-Owned Edge

The role of women in transportation continues to grow, but women-owned, and operated companies are still the exception, not the norm. This inspired CEO & Owner Jennifer Mead to build a performance-driven, relationship-based, more inclusive company where everyone feels respected in their role and is empowered to succeed.

Our diverse team at S-2international LLC is uniquely differentiated by:

- ✓ An enhanced focus on understanding our clients at the deepest level.
- ✓ Proactive and adaptive solutions delivered with honesty, integrity, and quality.
- ✓ Strong & meaningful relationships with our customers, vendors, and employees.
- ✓ Creating and planning versatile solutions that exceed expectations.
- ✓ Efficient operations and diverse services that add real value for our customers.
